THE ROADMAP.

I PHASE I FOUNDATION & LAUNCH

- **Project Concept & Branding**
Finalizing the visual identity and core mission of MO20.
- **Smart Contract Development**
A secure, efficient contract deployed on the Solana network.
- **Official Website Launch**
Launching mo20.net with a modern Web3 interface.
- **Social Media Establishment**
Activating X (Twitter) and Telegram for community outreach.

II PHASE II COMMUNITY & MARKETING

- **Community Building**
Growing an organic and engaged community of holders.
- **Strategic Marketing**
Targeted campaigns and collaborations to increase visibility.
- **DEX Listing**
Official listing on major Solana decentralized exchanges (Raydium / Jupiter).
- **Influencer Partnerships**
Partnering with key crypto influencers for project awareness.

III PHASE III GROWTH & EXPANSION

- **CMC & CoinGecko Listing**
Getting MO20 tracked on major crypto data platforms.
- **Strategic Partnerships**
Collaborating with other established projects in the ecosystem.
- **Ecosystem Utility**
Developing initial tools and features for MO20 token holders.
- **Global Marketing**
Expanding reach into international markets and communities.

IV PHASE IV ECOSYSTEM MATURITY

- **CEX Listings**
Pursuing listings on major centralized exchanges.
- **DAO Governance**
Implementing a community-led governance system.
- **Advanced Features**
Launching the full suite of MO20 utility and platforms.
- **Long-term Scaling**
Ensuring sustainable growth and continuous innovation.
